## WHO WE ARE

**IT'S NOT OK Projects** exists to combat the injustices of poverty, rape, prostitution and human trafficking and work to restore those affected. We outwork this mission through our projects, such as the **SHE Rescue Home** and the **Home Employment Response Initiative (HER)**.

**RESCUE HOME**

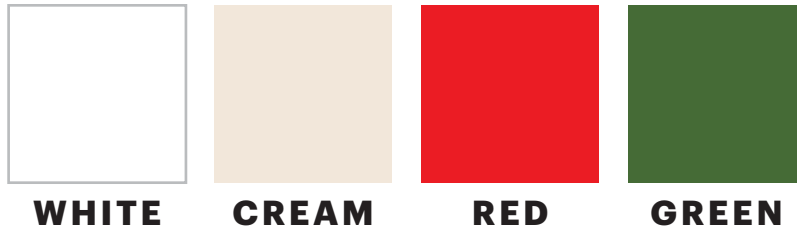

The **SHE Rescue Home** is our after care home in Phnom Penh, Cambodia for girls up to 16 years of age who have been raped, trafficked, prostituted or at risk located. We provide counselling, medical care, education, vocational training, but most importantly we give them back a future and a hope! Our goal wherever possible and when it is safe to do so, is to reintegrate them to their families and community.

**HER** *initiative*

The SHE Rescue home has a **Home Employment Response Initiative (HER)**, which equips and skills girls and their families, to empower them to generate a sustainable income. This allows the girls to continue their schooling, enables her to assist her family financially and alleviate the family's poverty cycle which in turn reduces her vulnerability to being at further risk. We provide relevant and up to date training, materials, sewing machines and pay fair trade wages. By ordering our customised products, your partnership assists us in providing stable income generation and sustainability.
